## The Hampshire School Chelsea

### Special Educational Needs Policy

This policy applies to all pupils in the school, including those in Pre-School

The Head of Inclusion: Mr Hart  
Email: [a.hart@thehampshireschoolchelsea.co.uk](mailto:a.hart@thehampshireschoolchelsea.co.uk)  
Tel: 020 7352 7077

Every teacher is a teacher of every child or young person, including those with SEN.

#### **School Setting**

The Hampshire School Chelsea is a co-educational non selective independent school for pupils of the age of 3 to 13 years.

#### **School beliefs**

The Hampshire School Chelsea believes that all pupils are entitled to high quality, well-planned and well-organised teaching, which will enable them to participate in a broad and balanced curriculum and to be part of the social life of the school.

## Special Educational Needs Policy

### Compliance

This policy complies with the statutory requirement laid out in the SEND Code of Practice 0 – 25 (2014) and has been written with reference to the following guidance and documents:

- DfE guidance on supporting SEND during Covid-19  
<https://www.gov.uk/government/publications/supporting-send>
- Equality Act 2010: advice for schools DfE Feb 2013
- SEND Code of Practice 0 – 25 (2014)
- Schools SEN Information Report Regulations (2014)
- Statutory Guidance on Supporting pupils at school with medical conditions April 2014
- The National Curriculum in England Key Stage 1 and 2 framework document Sept 2013
- Safeguarding Policy
- Accessibility Plan
- Teachers Standards 2012

The Equality Act (2010) sets out the legal obligations that schools and early years providers have towards disabled children. In line with this act, we are committed to not directly, or indirectly discriminate against, harass or victimise disabled children. We will make reasonable adjustments to ensure that disabled children are not at a substantial disadvantage compared with peers.

We are aware of the non-statutory documents Mental health and behaviour in schools (March 2015) and Counselling in schools: a blueprint for the future (March 2015) and are considering guidance found in these in order to support children who suffer from, or are at risk of developing mental health problems.

This policy was co-produced by the School's Head of Inclusion in liaison with the Senior Leadership Team, Safeguarding Governor, staff and parent body in the spirit of current reform.

### Special Educational Provision

The Equality Act 2010 retains the previous definition of disability:

'A physical or mental impairment which has substantial and long term adverse impact on a person's ability to carry out normal everyday activities'.

This has some overlap with the definition of 'special educational needs' in the Children and Families Act 2014 (which includes pupils with significantly greater difficulty in learning than the majority of children of his/her age, or a disability which means that a pupil cannot make full use of the general educational facilities provided for pupils of their age in mainstream state schools) but not all pupils are disabled by their SEN and vice versa.

At The Hampshire School Chelsea, we endeavour to secure special educational provision for pupils for whom this is required, that is '**additional to and different from**' that provided within the differentiated curriculum to better respond to the four areas of need identified in the new Code of Practice:

- Communication and interaction
  - Cognition and learning
  - Social, mental and emotional health
  - Sensory/physical
- (New Code of Practice September 2014) (See Appendices for definitions)

At The Hampshire School Chelsea, we believe that a pupil has special educational needs if:

- He or she has a learning difficulty or disability which calls for special educational provision to be made.
- A learning difficulty or disability is a significantly greater difficulty in learning than the majority of others of the same age.

The Hampshire School Chelsea recognises that high achieving children are recognised as having a 'special educational need' and provision will be made to meet these needs. (See the Able, Gifted and Talented Policy).

### **Aims and Objectives**

At The Hampshire School Chelsea, we aim:

- To identify and provide for pupils who have SEND and additional needs.
- To work within the guidance provided in the SEND Code of Practice, 2014.
- To operate a "whole pupil, whole school" approach to the management and provision of support for special educational needs.
- To provide a Special Educational Needs Co-ordinator (Head of Inclusion) who will work with the SEN Inclusion Policy.
- To provide support and advice for all staff working with special educational needs pupils.
- To create an environment that meets the special educational needs of each child to engage in activities alongside pupils who do not have SEND.
- To request, monitor and respond to parents/carers and pupil's views in order to evidence high levels of confidence and partnership.
- To make clear the expectations of all partners in the process.
- To ensure a high level of staff expertise to meet pupil need, through well targeted continuing professional development.
- To ensure support for pupils with medical conditions full inclusion in all school activities by ensuring consultation with health and social care professionals.
- To identify the roles and responsibilities of all staff in providing for children's special educational needs through reasonable adjustments to enable all children to have full access to all elements of the school curriculum.
- To work in cooperation and productive partnerships with the Local Education Authority and other outside agencies, to ensure there is a multi-professional approach to meeting the needs of all vulnerable learners.

### **Whole School Graduated Approach to SEN Support**

The Hampshire School Chelsea takes a whole school approach to the provision for pupils with SEN through assessing, planning, delivering, reviewing and recording of information, to ensure that all children achieve their potential.

#### **1. Identification of Needs**

At The Hampshire School Chelsea, it is the role of the class teacher in the first instance, to identify any pupil, in consultation with the Head of Inclusion (SENCo), who may have SEND.

*'Slow progress and low attainment do not necessarily mean the child has SEN. The class teacher working with the SENCo should assess whether the child has SEN'.*

SEND code of practice 0-25 (2014).

Before identifying a child as needing SEN support the class teacher and Deputy Head Academic with the Head of Inclusion's support will establish a clear analysis of the pupils needs.

#### **2. Analysis of Needs**

Ongoing processes of **formative and summative assessment** is an integral part of the teaching and learning process at The Hampshire School Chelsea providing information useful to the pupil, the teacher and the parents. It demonstrates what has been learned, identifies successes and gaps in learning and should identify what the next learning stage should be. It also provides valuable information about how the curriculum could be suitably adapted and which methodologies should be adopted to meet individual needs. Where current rates of progress for individual

pupils are inadequate (see appendices for definition), arrangements for appropriate screening and support will be made through the school's graduated approach to SEN.

### **Raising a Concern and Referral - Procedure - see flow chart - Appendix 3**

- **Assess:** The class or subject teacher, working with the Head of Inclusion, will carry out a clear analysis of the pupil's needs.
- **Plan:** In consultation with the Deputy Head Academic, parent and pupil, agree the adjustments, interventions and support to be put in place as well as the expected impact on progress, development or behaviour, along with a review date.
- **Do:** The class or subject teacher remains responsible for working with the pupil. The Head of Inclusion will support the main class/subject teacher in the further assessment of the pupil's particular strengths and weaknesses, in problem solving and advising on the implementation of support.
- **Review:** The effectiveness of the support and interventions and their impact on the pupil's progress is reviewed at termly pupil progress meetings; the impact and quality of the support and interventions is evaluated, by the Head of Inclusion in consultation with the Deputy Head Academic along with the views of the pupil and their parents; the support is revised in light of the pupil's progress and development in consultation with the pupil and parents. The above process will assist the Head of Inclusion in determining whether a child should be entered on the SEND Register.

**Identifying behaviour as a need is not an acceptable way of describing SEND.** Any concerns relating to a pupil's behaviour will be described as an underlying response to a need which we will be able to recognise and identify clearly. (See Bullying Policy).

### **Storage and Managing Information**

The school will continue to use ISAMS to record all SEND information as well as the pupil's *Learning Passports* which detail the needs identified, and the strategies and steps taken to meet the needs of individual pupils. The Head of Inclusion is responsible for ensuring that records are kept on the school's intranet and available when needed. These records are available to share with parents at the termly progress meetings. The Hampshire School Chelsea acknowledges that the *Learning Passports* are working documents and can be updated to accommodate the needs of a child ensuring that all parties are informed if changes are made prior to the termly review.

*Learning Passports* list targets that are

- CSMART – challenging; specific; measurable; achievable; realistic; time-bound.
- Only three or four in number
- Relate to the area of need for the child: communication, English, Maths, behaviour and social skills.

All staff members have access to individual information via the school system. Paper copies of completed support plans are collated by the Head of Inclusion.

### **SEND Register and Educational Reports**

The SEND register is managed by the Head of Inclusion and is available for reference from the Head of Inclusion and is available to all staff on the school network.

Reports written by other professionals are stored securely by the Head of Inclusion. The Head of Inclusion will ensure that all staff are familiar with the SEND Register, any Educational Psychologist reports and the identified strategies for learning in relation to the pupils they teach.

### **The Role of Head of Inclusion at The Hampshire School Chelsea**

Responsibilities include:

- Compiling and managing the SEND Register.
- Overseeing the day-to-day operation of the school's SEND policy.

- Complying with the school's Raising a Concern and Referral Procedure (Appendix 3) which details the process from identification of pupils with SEND through to implementation of individual pupil interventions.
- Co-ordinating provision for pupils with SEND, (including those with an EHC plan or statement, as detailed in the section below).
- Overseeing the records of all pupils with SEND.
- Developing effective ways of overcoming barriers to learning.
- Ensuring that Learning Passports are produced, completed and reviewed each term.
- Reading / summarising / disseminating information regarding educational reports.
- Liaising with teaching staff.
- Liaising with secondary educational establishments to discuss transition.
- Advising / liaising / managing the deployment of Teaching Assistants (TAs) in liaison with the class teachers.
- Screening visiting pupils, reviewing the identification procedure, monitoring progress and record keeping.
- Organising / attending review meetings.
- Liaising with external agencies.
- Managing and developing the effective use of the school's resources.
- Identifying, order and utilise the resources available from other agencies.
- Contributing to the development of curriculum policies to ensure that the provision for pupils with SEND is considered.
- Supporting and advising teachers in planning appropriate programmes of work.
- Analysing data, monitoring progress and providing additional support to SEND pupils working in class.
- Continuing CPD.
- Liaising, advising and supporting parents of pupils with SEND.
- In consultation with the SLT review the quality of teaching including contributing to, and supporting teachers' understanding of strategies to identify and support pupils with SEND, through appropriate training.

### **Training and Resources**

The Head of Inclusion has a designated budget. Individual pupil specialised support is charged to parents. Through the appraisal system, the training needs of staff are identified, and CPD planned.

In order to maintain and develop the quality of teaching and provision to respond to the strengths and needs of all pupils, all staff are encouraged to undertake training and development. All teachers and support staff undertake induction on taking up a post and this includes a meeting with the Head of Inclusion to explain the systems and structures in place around the school's provision and practice and to discuss the needs of individual pupils.

The Head of Inclusion regularly attends Bellevue SENCo network meetings, and maintains her own professional qualifications, in order to keep up to date with local and national updates in SEND.

### **Support Services**

Support Services are welcomed to support a child with SEND, if the child:

- Continues to make little or no progress in specific areas over a long period.
- Continues working at national curriculum levels substantially below that expected of children of a similar age.
- Continues to have difficulty in developing literacy and mathematical skills.
- Has emotional or behavioural difficulties which regularly and substantially interfere with the child's own learning or that of the class group.
- Has sensory or physical needs and requires additional specialist equipment or regular advice or visits by a specialist service.
- Has ongoing communication or interaction difficulties that impede the development of social relationships and cause substantial barriers to learning.
- Despite having received intervention, the child continues to fall behind the level of the peer group.

### **Valuing Communication with Parents – the Partnership**

The Hampshire School Chelsea welcomes parental involvement and seek to gain as much information as possible about the child from the parents/carers; all staff read any paperwork submitted. All discussions are dealt with

confidentially and in a sensitive manner. In partnership with parents, pupils with special educational needs will be encouraged to contribute to the assessment of their needs, the review and the transition process.

At all stages of the SEND process, the school keeps parents fully informed and involved at all stages. We encourage parents to make an active contribution to their pupil's education and hold regular meetings to share progress in addition to regular parent/pupil achievement meetings.

A record is kept of any communication with parents, and all notes and action plans arising from these meetings are kept in a secure place in order to maintain confidentiality.

#### **Arrangements for learning support and SEND pupils changing schools or leaving school**

In consultation with parents, the Head of Inclusion will notify the receiving school about a pupil's learning support or SEND records, including the provision that has been made and targets met.

#### **Considering the Pupil's Views and Opinions**

At The Hampshire School Chelsea, the pupil's views will be sought whenever possible, by asking, listening and observing the pupil's reaction to activities and resources. A judgement is made and discussed with colleagues and parents. Though we accept that a pupil's perceptions and experiences can be invaluable, as a school, we recognise that this may not always be easy and may need to consult parents and other colleagues for further information.

#### **Provision for pupils with EHC Plans**

In accordance with the school's Admissions Policy, the School admits children who will benefit from the education offered and who will contribute to and benefit from the ethos and activities of our school community. In respect of an application for a place for a pupil with SEND, including a pupil with an EHC plan or special needs statement, the school will have regard to these criteria and also to whether, given its limited facilities for pupils with SEND, the school can make reasonable adjustments to cater adequately for such a pupil. Similarly, the school will not refuse admission for a child with SEND on the grounds that he or she does not have an EHC plan, but will make a judgement with regard to the criteria above and whether appropriate reasonable adjustments can be made. This may include supporting parents in the application for a statutory assessment for an EHC plan.

The school acknowledges its responsibility, within the bounds of reasonable adjustment, to identify, assess and make appropriate provision for children with SEND, whether or not they have an EHC plan. Accordingly, where assessment determines that a pupil's individual needs may be best served by a statutory assessment for an EHC plan, the Head of Inclusion will inform parents and will assist them in the necessary preparations and application for such an assessment. The school will meet its duty to respond to any request from the local authority for information relating to a statutory assessment, within 6 weeks of receipt.

Where a pupil at the school has an EHC plan or statement, the school will ensure:

- Co-operation with the local authority in undertaking the annual review of the plan, including the presentation of relevant information on the evaluation of learning and progress. Any advice and information gathered will be sent to all those invited to an annual review meeting at least two weeks prior to the meeting. The school will prepare and send a report of the meeting to everyone invited within two weeks of the meeting and will enable the local authority to undertake a review of a pupil's EHC plan at least 7 months before transfer to another phase of education.
- Co-ordination by the Head of Inclusion of the specific provision made to support individual children who have EHC plans, together with the monitoring and review of its efficacy.
- Facilitation by the Head of Inclusion of additional staff training as required to meet the terms of the plan.
- Provision of information by the Head of Inclusion to ensure that all those teaching or working with a child named in an EHC plan, are aware of the pupil's needs and the arrangements in place in to meet them.
- Co-operation, as appropriate, with health and social care providers to meet the terms of the plan.
- Preparation, where a pupil wholly or partly funded by a local authority is registered at the school, of an annual account of income received and expenditure incurred by the school in respect of that pupil, for the local authority and, on request, the Secretary of State.

Through its evaluation procedures, the school will seek to identify improvements in outcomes. This will include, as appropriate, consultation with pupils and their parents, taking into account:

- Prevention.
- Early identification/recognition.
- How pupils and their families will be able to access services.
- How transitions between life stages and settings will be managed, including from Pre-school to primary education.
- How provision and support services will enable pupils to prepare for their future adult life.

### **Confidentiality**

The school will not disclose any EHC plan without the consent of the pupil's parents with the exception of disclosure:

- To the SEN and Disability Tribunal when parents appeal and to the Secretary of State if a complaint is made under the Education Act 1996.
- On the order of any court for the purpose of any criminal proceedings.
- For the purposes of investigations of maladministration under the Local Government Act 1974.
- To enable any authority to perform duties arising from the Disabled Persons (Services, Consultation and Representation) Act 1986 or from the Children Act relating to safeguarding and promoting the welfare of children.
- To ISI or Ofsted inspection teams as part of their inspections of schools and local authorities.
- To the Head (or equivalent position) of the institution at which the pupil is intending to start secondary/higher education.

### **Pupils with English as an Additional Language**

An EAL learner at The Hampshire School Chelsea is any child who has difficulty accessing the curriculum, makes slower progress or does not reach their potential, due to being exposed to a language other than English during childhood and who continues to be exposed to this language in their home or community.

Children who are learning English as an additional language may have skills and knowledge about language similar to monolingual English speaking children. Their ability to participate in the full curriculum may be in advance of their communication skills in English. The school will work to achieve the following for EAL pupils:

- To give all pupils the opportunity to overcome any barriers to learning and assessment.
- To welcome and value the cultural, linguist and educational experiences that pupils with EAL bring to the school.
- Enable them to develop an understanding of and respect for British culture.
- To implement school-wide strategies to ensure that EAL pupils are supported in taking part in all activities.
- To help EAL pupils to become confident and fluent in speaking and listening, reading and writing in English in order to be able to fulfil their academic potential.
- To encourage and enable parental support in improving children's attainment.
- All rooms to be socially and intellectually inclusive, valuing cultural differences and fostering a range of individual identities as appropriate.
- Identify the child's strengths and acknowledge the time it takes to become fluent in an additional language.
- To ensure that, in conducting broader assessments of children's ability and progress, any limited proficiency in English will not be a barrier to understanding their wider abilities.

### **Teaching and Learning**

For the majority of their time at school, our EAL pupils will be integrated in all the same classes as our native speaking English pupils. Everyone in the school is therefore responsible for helping our EAL children become more fluent in English. During lessons teachers will:

- Show differentiated work in their planning.
- Have high expectations, expect pupils to contribute and give more than single word answers.

- Recognise that EAL children are as able as any other children and so they should be set appropriate and challenging learning objectives, with their progress being monitored carefully.
- Recognise that EAL pupils need more time to process answers.
- Allow children to use their mother tongue to explore concepts.
- Give newly arrived children time to absorb English (there is a recognised 'silent period' when children understand more English than they use. This passes if their self-confidence is maintained).
- Use groups to ensure that EAL children hear good models of English.
- Use collaborative group activities.
- Provide a range of reading books that highlight the different ways in which English is used, and in which both language and content are suitably matched to the age and maturity of the child.
- Provide phonic software and audio books as appropriate and where possible.
- Ensure that there are many opportunities for talking to both adults and peers.

### **Other Considerations**

When organising trips and carrying out disciplinary procedures the specific needs of pupils are always considered so that individual pupils can participate fully in the event.

Risk assessments are completed for pupils with disabilities and recorded in the Risk Assessment folder on the school intranet.

Where parents alert the school to SEND prior to entry, this is accounted for during familiarisation procedures.

### **Disability Discrimination Act**

Though we acknowledge that not all children with a disability have a special educational need, we have regard for the Disability Discrimination Act (1995) and will make **reasonable adjustments** to include all children and their families. The School has a 3-year disability access plan, as required.

### **Pupils with Medical Conditions**

The Hampshire School Chelsea recognises that pupils at school with medical conditions are properly supported so that they have full access to education, including school trips and physical education.

### **Admissions**

Our inclusive approach is reflected in our Equal Opportunities and Admissions Policy, available on the school website.

### **Monitoring progress and Evaluating Success**

The Head of Inclusion, in consultation with the Deputy Head Academic, will regularly review pupils' progress (as measured by: formative and summative assessments, the GL Standardised Assessments CAT4, NGRT, NGST, PTE, PTM and PTS, Pupil Asset and Tapestry) by:

- Comparing baseline data with the data collected at the assessment points
- Reviewing pupils' progress in relation to the target setting
- Taking account of other factors that may affect a pupil's progress
- Analysing the effectiveness of educational professionals and parents working in partnership
- Recording the number of pupils requiring SEND provision
- Evaluating the effectiveness of the school's SEND provision in terms of pupils' access to the curriculum
- Observing an increase in independence of individual pupils with SEND
- Ensuring provision for each pupil is planned for, reviewed and evaluated regularly
- Ensuring the most effective deployment of resources is designed to ensure the needs of all pupils are met

### **Accessibility including the Physical Environment**

At The Hampshire School Chelsea, high quality teaching using differentiation for individual pupils, is the first step in responding to pupils who have or may have SEND. Details of differentiation are provided in schemes of work, termly and weekly planning. Planning is monitored by the teachers in each year group on a weekly basis and overseen by the Deputy Head Academic and Heads of Departments on a half-termly basis. Feedback is provided at the weekly staff meeting.

Individual teachers respond to children's needs by contributing information to children's Learning Passports and use these to inform teaching by:

- Providing appropriate support for children who need help with communication, language and literacy e.g. through grouping and use of appropriate learning materials.
- Planning suitable experiences to develop children's understanding through the use of all available senses.
- Planning for children's full participation in learning, and in physical and practical activities.
- Helping children to manage and own their behaviour and to take part in learning effectively and safely.
- Helping individuals to manage their emotions, particularly trauma or stress and to take an active part in their learning.
- Using different learning materials or specialist equipment, deployment of Teaching Assistants to work with individuals or small groups of children when appropriate requesting support from the Head of Inclusion both in and outside the classroom using specific intervention materials deployed by the Head of Inclusion.

### **Physical Environment**

The Hampshire School Chelsea has a commitment to providing specialist equipment should it be needed. In the 1-1 learning support room specialist equipment supports pupils' needs. Disabled toilets are provided. The buildings are listed but the school does provide a shower facility on the first floor and there is a disabled toilet with shower on the ground floor. Lifts provide access where feasible. Wheelchairs are provided as required.

### **Procedures for Resolving Complaints about SEND Provision**

This follows the school complaints procedure, as published on the school's website.

### **Bullying**

At The Hampshire School Chelsea, steps are taken to ensure and mitigate the risk of bullying of vulnerable learners. The Head of Pastoral Care (Deputy Head) ensures that the behaviour trackers, completed by all staff, record patterns of behaviour for monitoring all aspects of behaviour. The Anti-bullying Policy is followed by all staff. Incidents are managed proactively in consultation with the pupils, staff and parents. Assemblies include initiatives to reduce the likelihood of bullying. The weekly staff meeting support communication regarding progress and support for pupils. (See Anti-Bullying Policy available on the school website).

### **Criteria for Exiting the SEND Register/Record**

If a pupil successfully meets their individual targets set out on their Learning Passports or has secured the gaps in their learning and is making expected progress for their age may, in discussion with parents and teachers, no longer qualify to remain on the SEND register.

## **Appendix 1 Broad areas of need as set out in the SEND Code of Practice 2014:**

### ***Communication and interaction***

Pupils and young people with speech, language and communication needs (SLCN) have difficulty in communicating with others. This may be because they have difficulty saying what they want to, understanding what is being said to them or they do not understand or use social rules of communication. The profile for every pupil with SLCN is different and their needs may change over time. They may have difficulty with one, some or all of the different aspects of speech, language or social communication at different times of their lives.

Pupils and young people with ASD, including Autism, are likely to have particular difficulties with social interaction. They may also experience difficulties with language, communication and imagination, which can impact on how they relate to others.

### ***Cognition and learning***

Support for learning difficulties may be required when pupils and young people learn at a slower pace than their peers, even with appropriate differentiation. Learning difficulties cover a wide range of needs, including moderate learning difficulties (MLD), severe learning difficulties (SLD), where pupils are likely to need support in all areas of the curriculum and associated difficulties with mobility and communication, to profound and multiple learning difficulties (PMLD), where pupils are likely to have severe and complex learning difficulties as well as a physical disability or sensory impairment.

Specific learning difficulties (SpLD), affect one or more specific aspects of learning. This encompasses a range of conditions such as dyslexia, dyscalculia and dyspraxia.

### ***Social, emotional and mental health difficulties***

Pupils and young people may experience a wide range of social and emotional difficulties which manifest themselves in many ways. These may include becoming withdrawn or isolated, as well as displaying challenging, disruptive or disturbing behaviour. These behaviours may reflect underlying mental health difficulties such as anxiety or depression, self-harming, substance misuse, eating disorders or physical symptoms that are medically unexplained. Other pupils and young people may have disorders such as attention deficit disorder, attention deficit hyperactive disorder or attachment disorder.

### ***Sensory and/or physical needs***

Some pupils and young people require special educational provision because they have a disability which prevents or hinders them from making use of the educational facilities generally provided. These difficulties can be age related and may fluctuate over time. Many pupils and young people with vision impairment (VI), hearing impairment (HI) or a multi-sensory impairment (MSI) will require specialist support and/or equipment to access their learning, or habilitation support. Pupils and young people with an MSI have a combination of vision and hearing difficulties. Some pupils and young people with a physical disability (PD) require additional ongoing support and equipment to access all the opportunities available to their peers.

## **B) Other considerations**

Other considerations need to be taken into account as these may also impact on the progress and attainment of our pupils:

- Disability (the Code of Practice outlines the “reasonable adjustment “duty for all settings and schools provided under current Disability Equality legislation –these alone do not constitute SEND)
- Attendance and Punctuality
- Health and Welfare
- EAL
- Being a ‘looked after’ pupil

## **C) Adequate progress**

The key test of the need for action is that current rates of progress are inadequate. Adequate progress can be identified as that which:

- Prevents the attainment gap between the pupil and age related expectations and their peers
- Closes the attainment gap between the pupil and his peers
- Shows an increased rate of progress than previously
- Ensures access to the full curriculum
- Demonstrates an improvement in self-help, social or personal skills
- Demonstrates improvements in the pupil's behaviour

## Appendix 2 Guidance

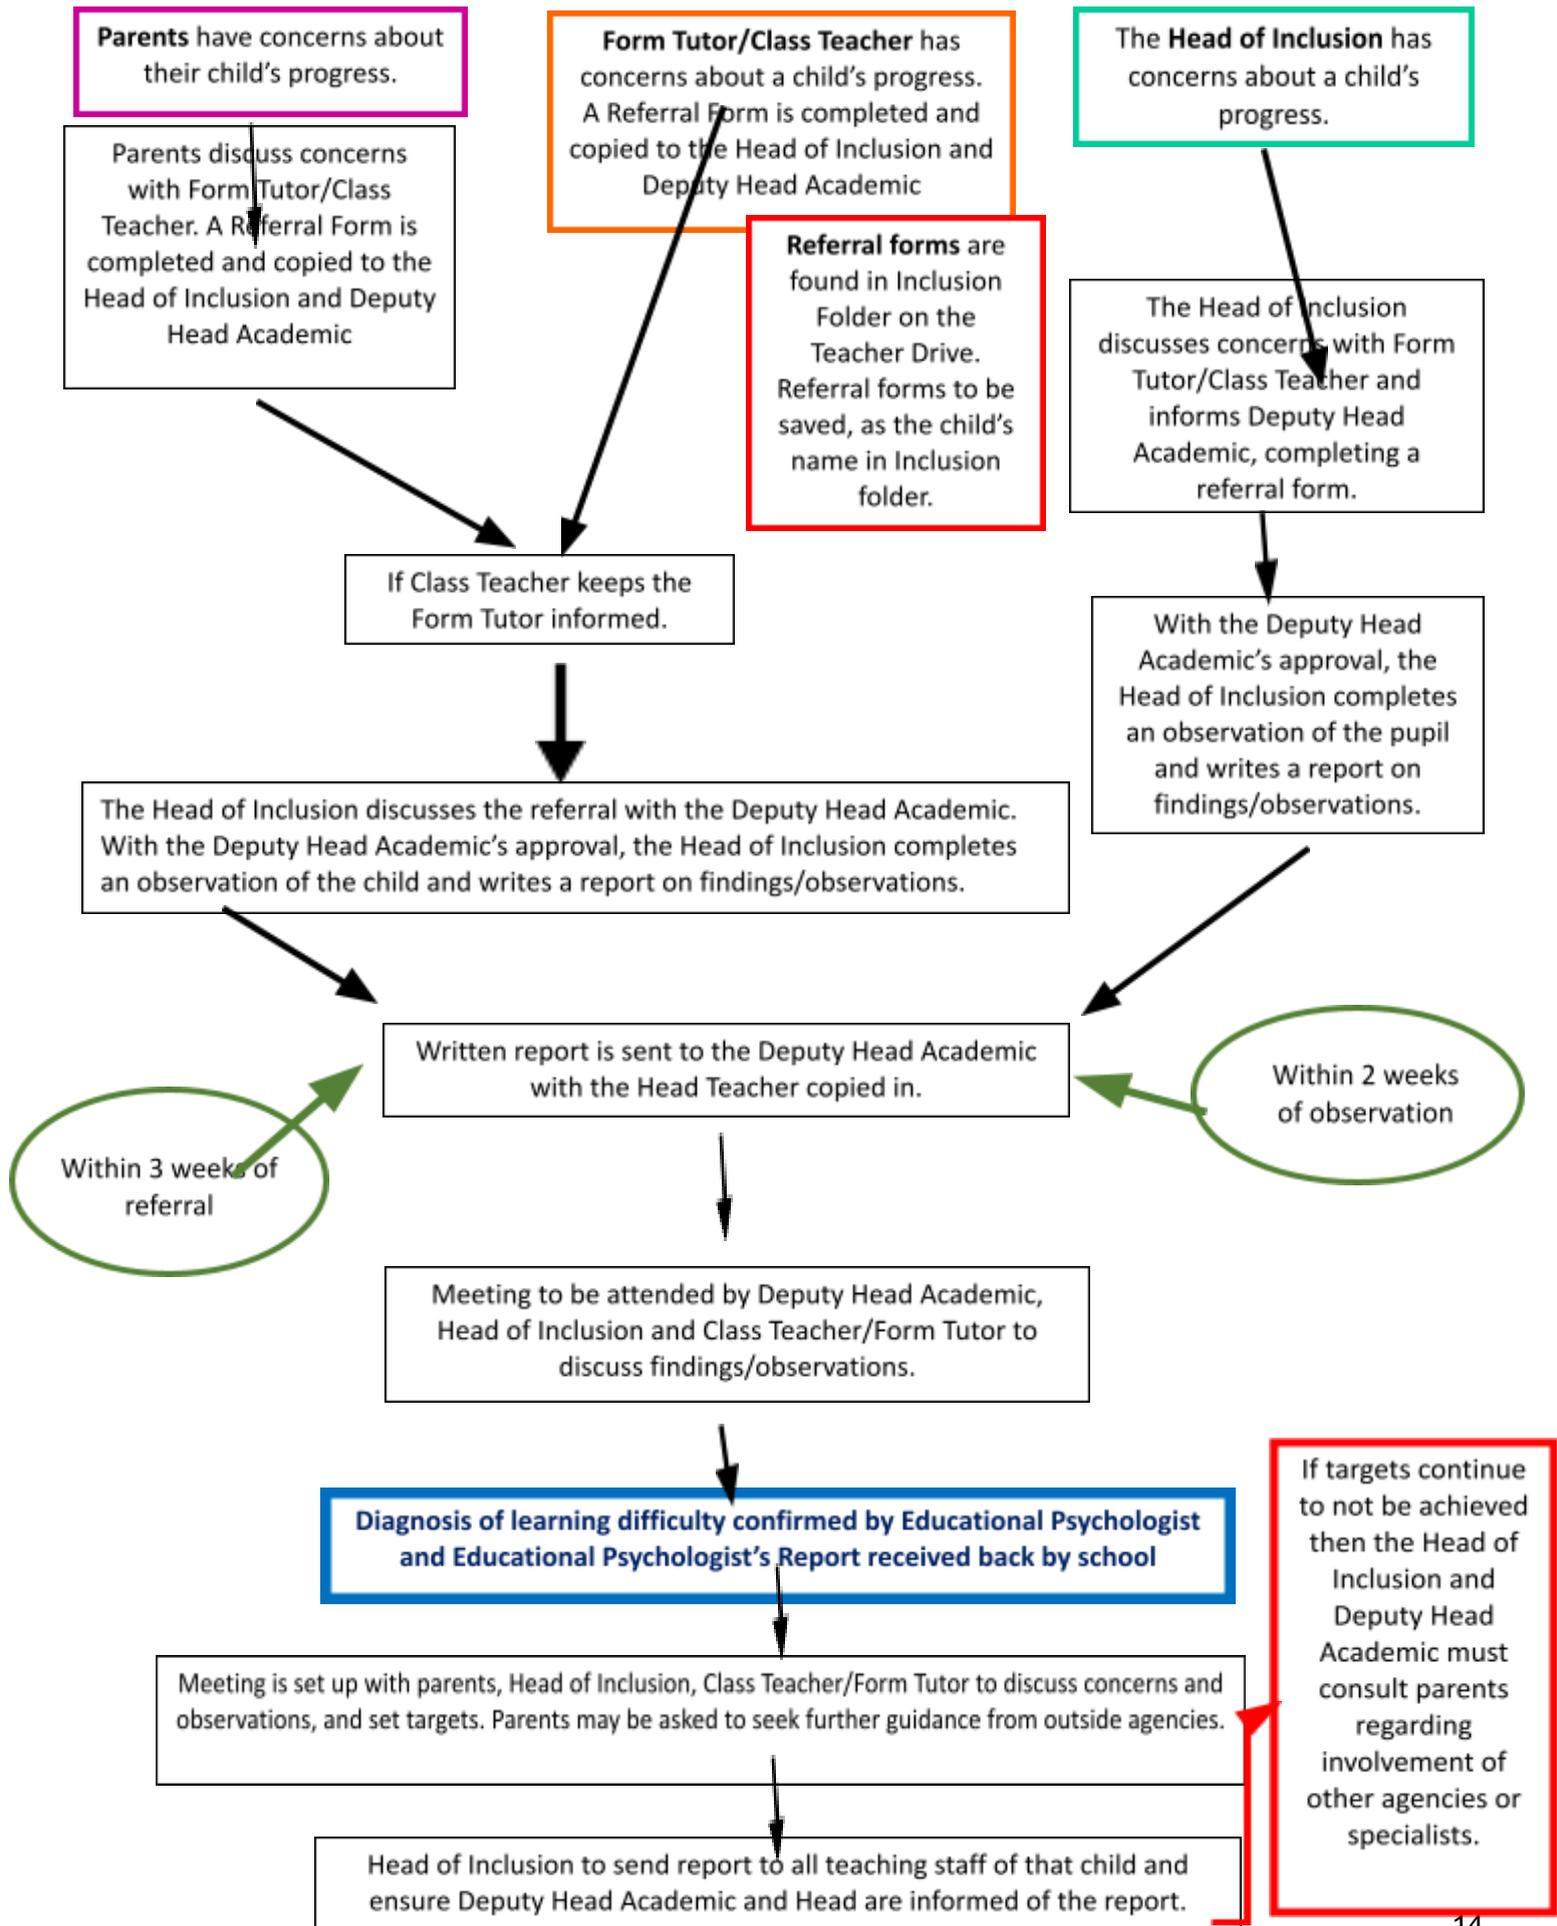

### Further Advice:

Advice, information and training (extracted from Annex 2 of the SEND Code 2014)

The following organisations provide advice, information and training on specific impairments:

- The Autism Education Trust for children and young people on the Autism Spectrum ([www.autismeducationtrust.org.uk](http://www.autismeducationtrust.org.uk))
- The Communications Trust for speech, language and communication difficulties ([www.thecommunicationtrust.org.uk](http://www.thecommunicationtrust.org.uk))
- The Dyslexia SpLD Trust on dyslexia and literacy difficulties ([www.thedyslexia-spldtrust.org.uk](http://www.thedyslexia-spldtrust.org.uk))
- The National Sensory Impairment Partnership for vision impairment, hearing impairment and multi-sensory impairment ([www.natsip.org.uk](http://www.natsip.org.uk))
- Each of these organisations is working with funding from the Department for Education to support the reforms to the SEN system.
- MindEd ([www.minded.org.uk](http://www.minded.org.uk)) is an e-learning portal aimed at supporting all adults working with children and young people. It provides simple, clear guidance on children and young people's mental health, wellbeing and development.
- The SEN Gateway ([www.sendgateway.org.uk](http://www.sendgateway.org.uk)) enables access to a broad range of materials and support services across the range of SEN.
- Early Support provides a range of information materials to families and professionals ([www.ncb.org.uk/earlysupport](http://www.ncb.org.uk/earlysupport)).

**Appendix 3 Raising a Concern and Referral Procedure**

Head of Inclusion agrees an action plan with targets and writes a Learning Passport with the parents, who sign the form. The Learning Passport is then shared with all relevant teaching staff.

Meeting to be attended by Head of Inclusion, Form Tutor/Class Teacher(s) to review child's progress towards their targets (half termly), and amending targets when needed. Parents must attend the meeting, agree/sign-off the new targets.

**END**
