C H E L S E A

## VISION, MISSION AND THE SCHOOL DEVELOPMENT PLAN

### VISION

To inspire children to aim high and be the best they can be through an enriching and personalised education.

---

### MISSION

To provide an inspirational education that enables all pupils to develop the life skills to make a positive contribution in the world and demonstrate excellence as independent, critical thinkers who have the resilience and character to succeed in life.

---

### CORE VALUES

Our mission is expressed through specific core values that form the guiding principles of everything we do. At The Hampshire School Chelsea, we aim to:

**Resilience:** Develop pupils' self-esteem, resilience and well-being through the application of a Growth Mindset to learning.

**Respect:** Create an atmosphere of mutual respect and consideration for the ideas, values and feelings of others.

**Responsibility:** Encourage responsibility in every pupil so they can confidently make decisions and choices for themselves.

**Community:** Value and develop strong partnerships with our parents and the wider community.

**Excellence:** Inspire a love of learning and the use of key thinking skills across the curriculum and school life so that every pupil strives for personal and academic excellence.

---

### SCHOOL PROGRESS PLAN

For 2021-2022, the three key aspects are identified to bring our vision to life.

---

#### Inspiring confident articulate learners

We will inspire all children to develop their fluency of communication, expression of higher-order thinking and leadership skills and further our community of enquiry ethos, through Philosophy for Children (P4C), performances in the creative arts, music and drama, debating with further opportunities to excel in LAMDA, poetry competitions, public speaking and English Speaking Board examinations.

#### Going the extra mile in sport. Healthy body, healthy minds – connecting mind and body

At The Hampshire School Chelsea we will continue to aim high in sport; we believe in the widely known benefits that a healthy body and mind bring about. Through our extensive Physical Education, swimming, ballet, gymnastics and co-curricular clubs programme, taught by highly qualified sports coaches, our children will experience a breadth of opportunity in sport for the development of sporting skills and the resilience that lead to competitive success, and the enjoyment of participation for a healthy life-style.

#### Embedding the values of community

Through our vertical House school system, the school's pupil-led Development Groups, pupil voice, Core Values, charitable endeavours and implementation of a vertical buddy system, we will exemplify the dictum, 'Stronger Together' to broaden the benefits of The Hampshire School Chelsea's strong sense of community.
